Hi Melanie,

1) The below email has a web link to FERC's Rover Pipeline (MI/OH/WV/PA) Draft Environmental Impact Statement (DEIS) that is now available for public and agency review/comment.

2) You didn't have a chance to review the Preliminary DEIS (PDEIS) concerning the adequacy of the information in the PDEIS regarding waters of the U.S. (wetlands, streams, etc.); however, please let me know, asap, if you (Watershed/Wetlands) will review the DEIS and provide me with written comments.

3) If you (Watersheds/Wetlands) decide to review the DEIS please email me your written comments no later than COB March 22, 2016.

I will incorporate your comments into one EPA DEIS comment letter that will be sent to FERC for both R5 and R3. Since the majority of the pipeline project is located in OH/MI Region 5 has the NEPA review lead.

If you have any questions or wish to discuss any of this please call me. Thank you.

Virginia Laszewski,
NEPA Implementation Section
